

Help raise money for your school

By simply becoming a Riverford customer ... we deliver 100% organic vegetables, fruit and so much more to your home.

Dangling a carrot..... The basic idea would be that for every family that starts ordering from Riverford with a regular order - we will donate £10 to the school PTA, in addition if you are still enjoying Riverford deliveries a year from your first delivery—we will give your school PTA another £10. The family will receive a Riverford Cook Book or a fruit box as a gift with their second delivery.

While you are enjoying lovely organic produce at home, your school will also be benefiting! Our produce is on average 20% cheaper than organic produce in supermarkets, and there is no delivery charge! You don't even need to be in when we deliver, simply tell us where you would like your delivery left.

In order for your school to receive the donation from us you need to include this unique promotional code when you are signing up as a new customer : FRA/PTA/1508

Our website is www.riverford.co.uk
