Dear Parent/Carer,

We have had a fantastic start to the year in Tech Club. Tech club is the place where we use technology to facilitate learning in the STEAM subjects. Children have had the chance to program talking animatronic robots, animate rocket ships, build lie detecting circuits, compose digital masterpieces, battle breakdancing bots, plus much more!

If your child has not attended the club before, now is the perfect time to join. Next term children will have the opportunity to explore the Ai robot Cozmo, become movie directors, be wowed by augmented reality, create and program mini electric cars and code pixels using python on Raspberry-Pi computers

Who?

The Tech Club is for **key stage 2** pupils

When?

The club is every **Thursday, 7.45am-8.45pm**

Summer term start date - **2nd May 2019**

For full list of dates please see website.

How do I enrol?

Fees for the Summer 2019 Term: £10 per session/ **£100** (10 weeks)

Enrolment and payment is done online only (cash/cheque payment not accepted). Spaces work on a first come first serve basis. To enrol simply visit

www.nextthing.education/clubs

Kind regards,

NextThing.Education
