Bledlow Ridge School – Risk Assessment Prevent February 2024 updated September 25

Purpose of Risk Assessment

Radicalisation is defined as the process by which people come to support terrorism and extremism and, in some cases, to then participate in terrorist groups.

Extremism is vocal or active opposition to fundamental British values, including democracy, the rule of law, individual liberty and mutual respect and tolerance of different faiths and beliefs.

We also include in our definition of extremism calls for the death of members of our armed forces, whether in this country or overseas” (HM Government Prevent Strategy 2011).

Since the publication of the Prevent Strategy, there has been an awareness of the specific need to safeguard children, pupils and families from violent extremism. There have been attempts to radicalise vulnerable children and pupils to hold extreme views including views justifying political, religious, sexist or racist violence, or to steer them into a rigid and narrow ideology that is intolerant of diversity and leaves them vulnerable to future radicalisation.

The purpose of this risk assessment is to identify areas of risk at Juniper and put protective measures in place.
