

Curriculum Intent PSHE

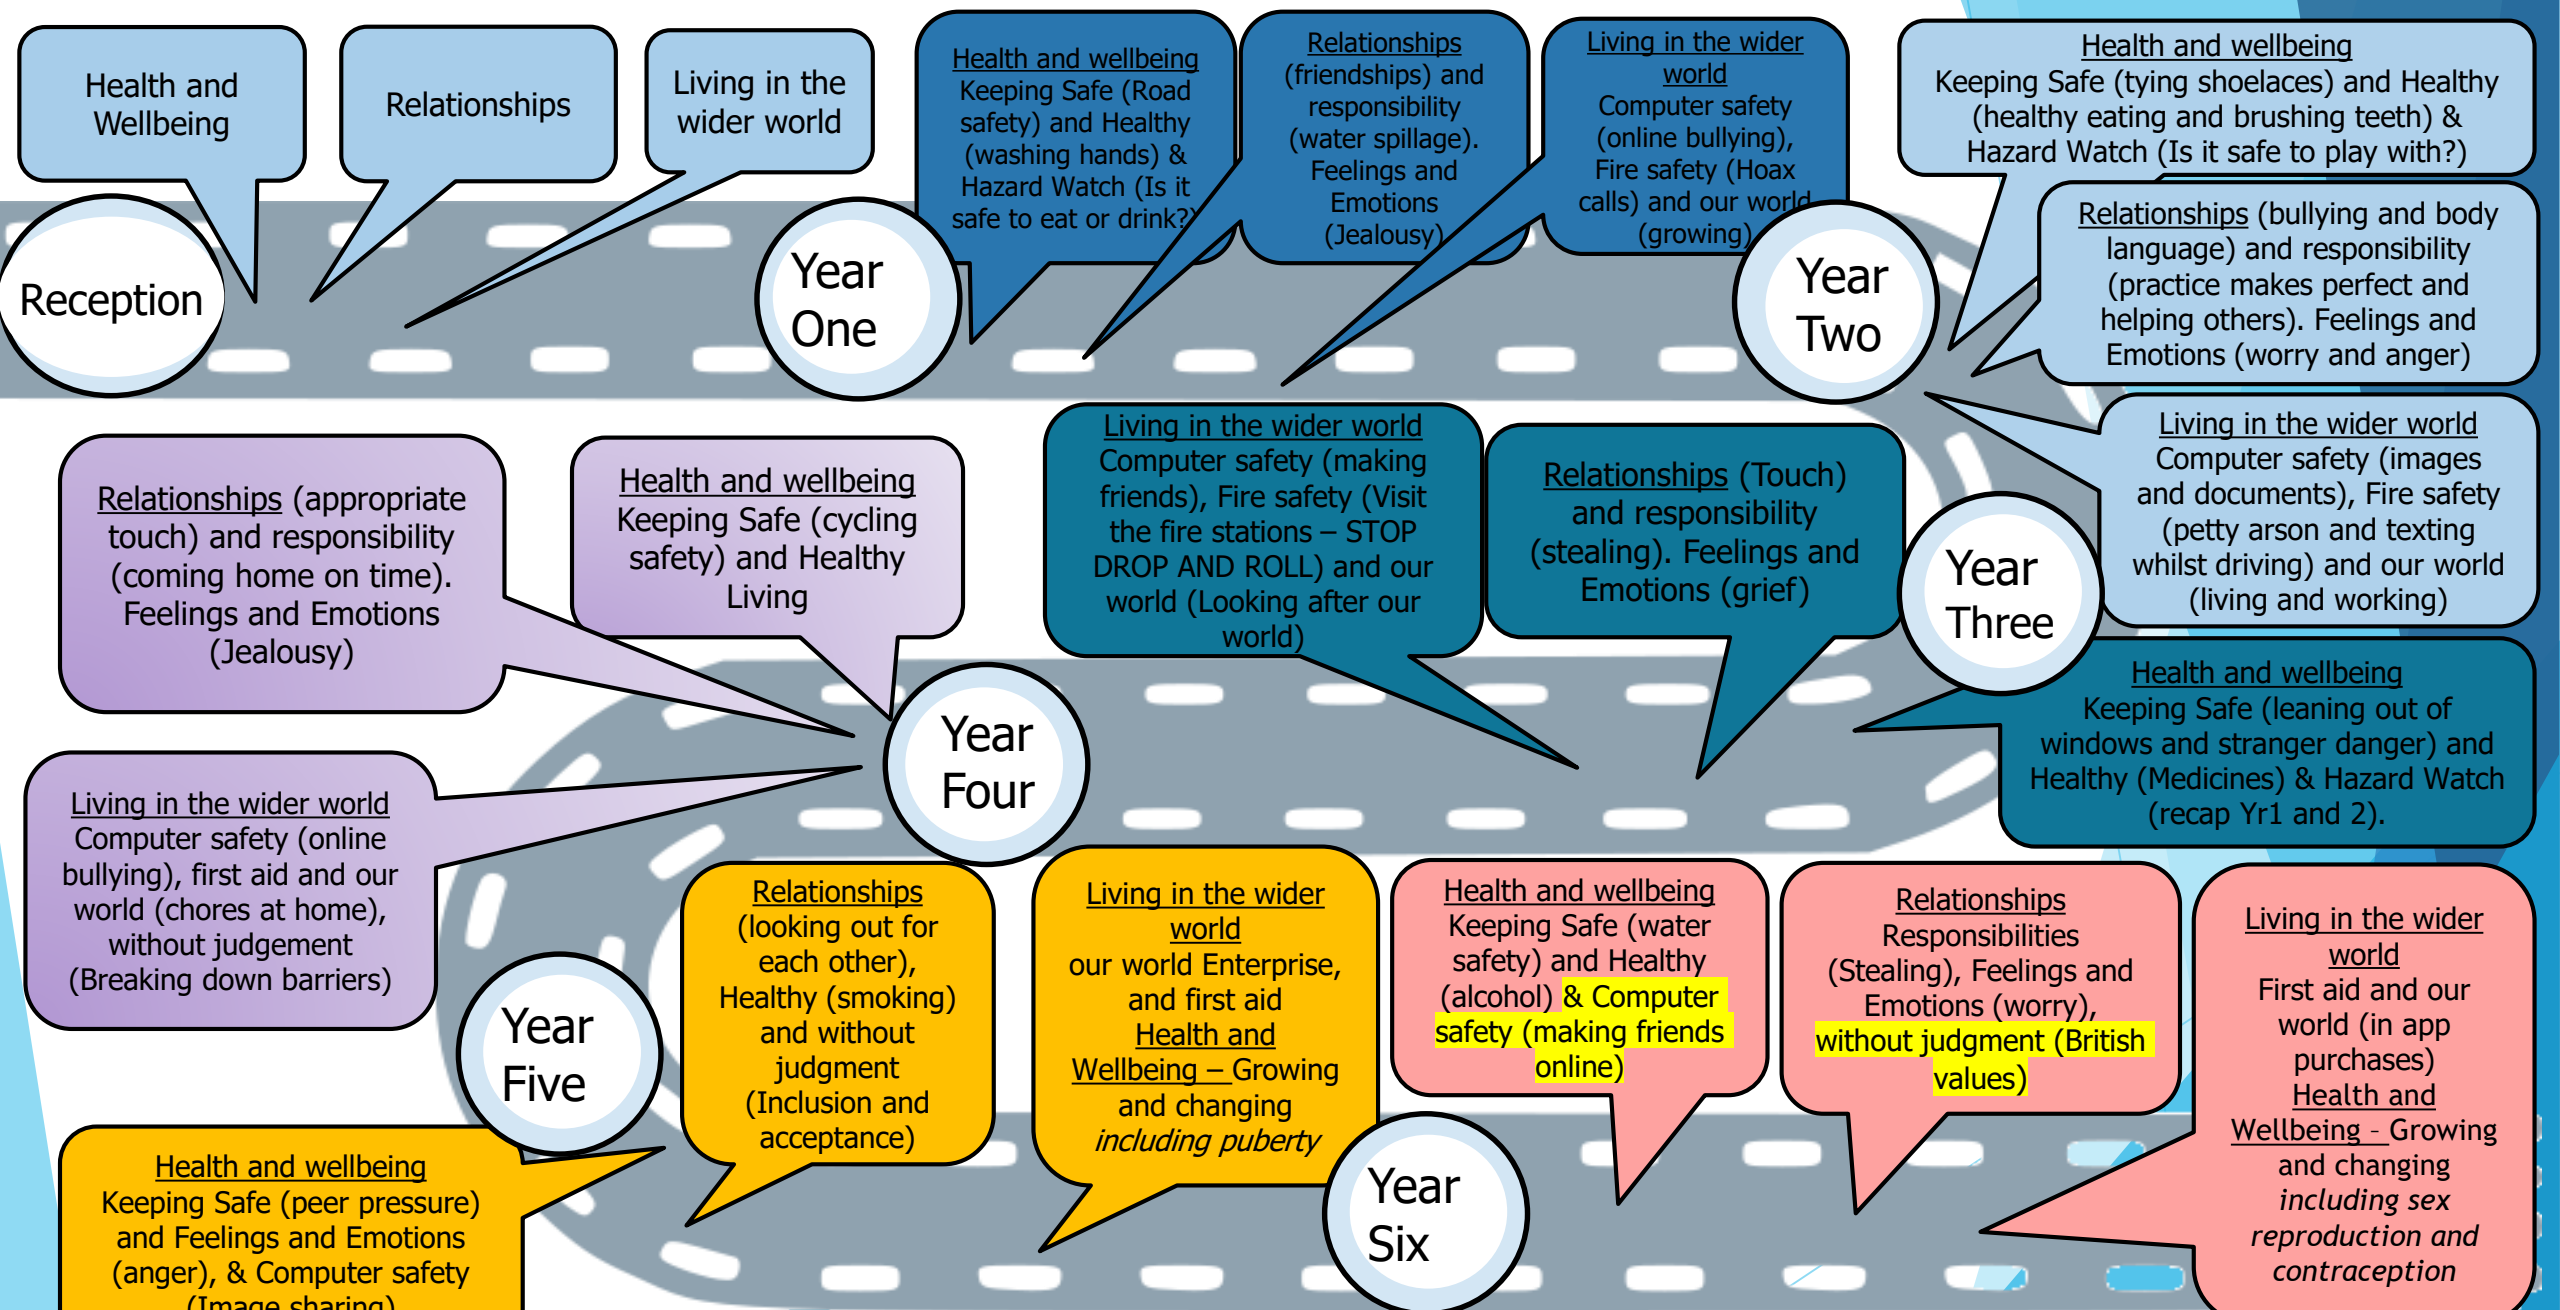

At Bledlow Ridge School, we offer the children the opportunities to be emotionally, socially and physically literate. PSHE is a whole-school approach to underpin children's development as people, we believe that this also supports their learning capacity. Our overall intent is for the children to reach their full potential, be self-motivated and lifelong learners and feel included and valued (links to being proud of work, our values of empathy and respect).

One Decision offers us a comprehensive, carefully thought-through Scheme of Work which brings consistency and progression to our children's learning in this vital curriculum area. A detailed overview of the programme can be seen on the school website, however, a simplified version has been shown in this document.

Overview of EYFS Provision
